An aside: The Gigafactory25	7 Placing Your Order 81
Regenerative Braking.....27	8 Planning Your Personal Charging Infrastructure 85
The Frunk.....28	North America.....85
A Software Defined Experience29	Mainland Europe/Scandinavia.....87
A Car That Improves With Age30	United Kingdom.....87
Autopilot.....32	Other countries88
Dual Motor All-Wheel Drive.....33	Summary of Tesla Charging Options.....88
The Final Result.....33	Installing the Charging Circuit.....89
3 The Factory and Charging Infrastructure35	9 Delivery Day—Checklists 93
Producing Model S.....35	Your delivery date can change—be ready!.93
Building a Charging Infrastructure for Electric Cars.....38	Preparing for delivery.....93
4 Range and Performance41	What you'll need.....94
Introduction.....41	What to look for when the car comes off the trailer.....94
Range Anxiety—Should I be Worried?.....41	Basic checklist.....95
What Affects Range the Most?.....43	Optional Items96
Real World Range47	Now make sure everything works correctly.....97
Performance specs—what's real/what's not?.....52	Other problems that have been reported..99
5 Configuring and Ordering57	What do you want to set-up first?.....100
Current model line up57	What questions to ask?105
Discontinued models.....58	What if I find something wrong during delivery?107
First question: which model? 70, 70D, 85, 85D or P85D?.....59	10 Driving Model S 109
Options—worth it or not?.....60	Managing Range.....109
Car Color.....60	Rated Range110
Interior Upholstery and Trim Options.....62	Using driver assist features116
Wheels—21-inch vs. 19-inch.....65	Novice mistakes for regular driving.....116
	Lots of little questions120

11 Interacting with the Model S	151
Displays	125
Terminology.....	125
Dismissing a pop up window.....	125
Rebooting the displays—why and how? ..	125
Voice input.....	126
Using the steering wheel controls.....	126
Hidden display elements and interactions.....	127
Quirks when you're in D(rive).....	128
Quirks when you're in P(ark).....	128
HomeLink tips.....	128
Software updates.....	128
Miscellaneous problems.....	128
12 Other Tips and Tricks	129
Emergency Situations.....	129
Instruments and Controls.....	129
Interior.....	131
Charging.....	132
Exterior.....	134
Electricity Bills.....	135
13 Caring For Your Model S	137
Cleaning.....	137
Exterior.....	137
Interior.....	139
14 Model S Maintenance	141
One Month After Taking Delivery.....	141
Daily Maintenance.....	141
Weekly Maintenance.....	141
Semi-annual (or 6000 mile) Maintenance.....	142
Annual Maintenance.....	142
Real-time Monitoring.....	142
15 Almost Perfect, But Not Quite	143
Design Issues.....	143
Product Quality Issues.....	143
General Software Bugs.....	145
Build Quality Problems.....	145
